○ SF Safer Cleaning - Ciara Pringle

- How to identify cleaner safer products, asthma can be developed later in life because of cleaning products. Bleach and ammonia is a trigger for asthma that we cannot control. Risk factor for COVID-19, there's cleaner and safer we don't want to hurt ourselves in the process of protecting ourselves. Cleaning: and disinfecting is not the same. Be a label reader, EPA safer choice. You can make your own cleaning products. Lemon juice, baking soda. Indoor air pollution, stove top cooking.

○ Aquatic Park - Ashley Mac, Program Manager, & Jen Greene, Community Engagement

Presidio trust, partner of Aquatic Park, hear from Western Addition voices, hear your thoughts, SF northern waterfront, ferry building, crissy fields, the city of San Francisco take a holistic look at these places, these places, upper fort mason, lower fort mason, aquatic park, one place three parks, these are names of places because we know these places, but not everybody knows the name or has visited these places. Fort Mason is right next to the aquatic park. This is the area that we are really focused on, this is only located 2.0 miles from Western Addition, and we know that Mo'MAGIC serves in
